about us

Since 1988, the International Tournament “Città della Pace” welcomes thousands of young athletes from all over the world on the Easter weekend in the beautiful setting of Rovereto and Vallagarina, in Trentino. In these years, a lot of teams from all over the world took part in the tournament: from Europe, but also USA, Brazil, Japan, Kuwait, Canada, Australia, India...

The very values of sport, the competition, the respect for the opponent and the rules of the game are the heart of the tournament, as well as the meeting and socialization of many young athletes practicing different sports, sharing customs and traditions.

In addition to the sporting moment, some side events take place on the weekend of the tournament (including the Opening Ceremony at the Campana dei Caduti, an internationally renowned symbol of universal peace). These are moments of encounter, celebration and fun in which athletes, companions and citizens have, once again, the opportunity to reflect on the meanings of peace, coexistence and dialogue.

The charm and hospitality of our land, together with the commitment, experience and tenacity of the volunteers of the Organizing Committee have made the International Tournament “Città della Pace” one of the most important youth sports tournaments in Italy and in Europe.
